The second bid was from Laursen Excavation and that bid was turned in on time with a cashier's check instead of a bond check. That bid was in the amount of \$118,000. Tina stated that the start date could be as early as May 15th however since the city has applied for the DNR grant and those are awarded in May that Lansing Brothers did say they could wait to hear if the City did receive this grant before the demolition. They can do some of the set up and be ready prior to that date.
